No. 2533A.

FROM H. L. STEPHENSON, Esq., I.C.S.,

Secretary to the Board of Revenue, L. P.,

TO THE SECRETARY TO THE GOVERNMENT OF BENGAL,

REVENUE DEPARTMENT.

Dated Calcutta, the 12th August 1911.

SIR,

I AM directed to submit the following report on the Land Revenue Administration of the Lower Provinces for the year 1910-11.

THE HON'BLE MR. D. J. MACPHERSON, C.I.E.

2. The Land Revenue Department of the Board was administered by the Hon'ble Mr. F. A. Slacke, C.S.I., from the 1st April, 1910, to the forenoon of the 19th November, 1910. Since the 19th November, the date of the formation of the Bengal Executive Council, there has been only one Member of the Board of Revenue. The Hon'ble Mr. W. C. Macpherson, C.S.I., the Member in charge of the Miscellaneous Revenue Department, took over charge of the Land Revenue Department from that date. From the 20th March, 1911, when Mr. Macpherson went on leave, the Hon'ble Mr. R. T. Greer, C.S.I., held charge of the Board to the end of the year. The work in the Partition and Land Acquisition Branches (paragraphs 53 to 57), though dealt with in the Land Revenue Administration Report, appertains to the Miscellaneous Revenue Department.

PART I.—COLLECTION OF LAND REVENUE.

3. The total number of estates paying land revenue was 127,797, of which 115,965 were in class I (permanently-settled estates), 10,894 in class II (temporarily-settled estates) and 938 in class III (estates held direct by Government), as against 115,005, 10,661 and 961, respectively, in the previous year. The increase in the first two classes was mostly due to partitions of estates in the Bihar and Orissa districts.

Three-fold classification of estates.

Appendices I, IA, IB and IC.

4. The table below compares the demands, collections, remissions and balances of land revenue of the year under report with the corresponding figures of the preceding four years (*malikana*, revenue of police lands and quit rents of Tributary States being included).

Statistics of demands, collections, remissions and balances.

Appendix I.

YEAR.	DEMANDS.			COLLECTIONS.			Remissions.	BALANCES.			Percentage of total collections on total demands.	Percentage of total collections on current demands.	Percentage of current collections on current demands.
	Current.	Arrear.	Total.	Current.	Arrear.	Total.		Current.	Arrear.	Total.			
	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.			
1906-07 ...	2,87,00,503	7,54,409	2,94,54,912	2,81,40,113	5,85,132	2,87,25,245	50,879	5,41,392	1,37,396	6,78,788	97·52	100·09	98·05
1907-08 ...	2,87,45,098	6,84,069	2,94,29,167	2,78,50,251	5,06,102	2,83,56,353	28,189	8,89,327	1,55,298	10,44,625	96·35	98·64	96·88
1908-09 ...	2,88,87,332	10,94,147	2,99,81,479	2,79,82,251	8,09,011	2,87,91,262	59,434	8,90,988	2,39,795	11,30,783	96·03	99·67	96·86
1909-10 ...	2,89,34,451	11,54,600	3,00,89,051	2,84,18,271	8,57,199	2,92,75,470	44,231	5,08,114	2,61,236	7,69,350	97·29	101·18	98·22
1910-11 ...	2,99,03,617	7,86,085	2,97,89,702	2,84,13,809	5,76,683	2,89,90,492	36,785	5,84,563	1,77,862	7,62,425	97·31	99·95	97·96

The collections were normal during the year.

Demands.

5. The current demands from the three classes of estates are compared below with those of the preceding four years:—

Class of estate.	1906-07.	1907-08.	1908-09.	1909-10.	1910-11.
	Rs.	Rs.	Rs.	Rs.	Rs.
I.—Permanently-settled estates.	2,28,77,520	2,28,77,604	2,28,75,295	2,28,80,880	2,28,74,837
II.—Temporarily-settled estates.	30,28,746	30,41,835	31,02,748	32,25,480	32,53,576
III.—Estates held direct by Government.	27,94,237	28,25,659	29,09,289	28,28,091	28,75,204
Total ...	2,87,00,503	2,87,45,098	2,88,87,332	2,89,34,451	2,90,03,617

The total demands showed a net increase of Rs. 69,166 as compared with the preceding year. The decrease of Rs. 6,043 in class I was on account of the exclusion of the police contributions levied from Chota Nagpur, which had hitherto been included in ordinary land revenue. The increase of Rs. 28,096 in class II and of Rs. 47,113 in class III may be attributed to new settlements and resettlements of estates and the accrual of enhancements in the case of rents settled at progressive rates.

Collections.

Permanently-settled estates.

Appendix IA.

6. The total collections in the permanently-settled estates amounted to Rs. 2,28,87,602, which represented 99·16 per cent. of the total and 100·05 per cent. of the current demands. The current collections attained the standard of 99 per cent. of the current demands in all districts except three, in two of which the defect was due to short payments made by estates under the management of the Court of Wards. In Midnapore (96·71) the balance of Rs. 39,945 was due from the estate of Raja Sir Sourindra Mohan Tagore, the administration of which is under the Collector of the 24-Parganas, and in Jessore (98·03) Rs. 11,007 was due from the Mukherji estate. Of the balance of Rs. 16,895 in Nadia (97·91) Rs. 13,198 was collected within the year, but could not be credited in the accounts.

Of the total arrear balance of Rs. 27,625, a sum of Rs. 23,457 occurred in Midnapore and the whole was due from the Tagore estate.

Ditto.

Temporarily-settled estates.

Appendix IB.

7. The temporarily-settled estates comprise three sub-classes, viz., (1) private estates settled with the proprietors, (2) private estates leased to farmers, and (3) Government estates leased to farmers. The total collections from all these classes were Rs. 32,90,756, being 95·92 per cent. of the total and 101·14 per cent. of the current demands. In eight districts the current collections did not reach the prescribed standards, but the outstanding balances were not large except in the districts of Burdwan (Rs. 6,402), Hooghly (Rs. 12,257) and Nadia (Rs. 8,127). The balances are reported to be in course of recovery.

The arrear collections amounted to Rs. 1,34,073, or 75·79 per cent. of the demands. The outstanding balances were comparatively large in the districts of Khulna (Rs. 10,745), Shahabad (Rs. 10,789) and Balasore (Rs. 12,266). In Khulna Rs. 7,673 was due from the tenants of the Phulhata estate who had suffered from failure of crops in 1908-09. The short collections in Shahabad were mainly due to the fact that the farmers of certain estates have been allowed to pay their dues by instalments. The outstanding arrears in Balasore were under suspension during the year under report, and these are expected to be realized in the current year.

Collections.

Estates held direct by Government.

Appendix IC.

8. The estates held direct by Government include two classes, viz., (1) those belonging to private proprietors but managed by Government, and (2) those owned by Government as proprietor. The total collections were Rs. 28,12,134, which represented 85·74 per cent. of the total and 97·81 per cent. of the current demands.

Of the six districts in which the current collections did not reach the prescribed standards, the outstanding balances were large in Khulna (Rs. 13,871), Shahahad (Rs. 55,952) and Monghyr (Rs. 51,959) only. The short collections in Khulna (58·15) were mainly due to the fact that the cultivators have not yet wholly recovered from the effects of the last cyclone and the consequent failure of crops. The falling off in Shahabad (57·22) is attributed to the addition to this class by purchase of a number of estates in which there have been no collections. The fact that the collecting staff were engaged in attestation work before the Settlement Department also contributed to the short collections. In Monghyr (56·79) the greater portion of the balance is covered by civil suits brought by the tenants which are pending in the High Court. A sum of Rs. 11,731 is irrecoverable on account of a civil decree.

Of the outstanding arrear balances the amounts were comparatively large in Midnapore (Rs. 37,944), 24-Parganas (Rs. 10,226), Shahabad (Rs. 13,060) and Monghyr (Rs. 24,784). In Midnapore Rs. 36,222 was due from the Jalamutha and Majnamutha estates which are managed by Government for the proprietors. The settlement operations in these estates have recently been completed. Some of the tenants withheld payment of rents as fixed in the new settlement and instituted civil suits, some of which have been decided against Government. The major portion of the balance in the 24-Parganas is reported to be in course of recovery. As regards Shahabad and Monghyr, the explanations given above of the current balances apply to arrear balances as well.

Remissions.

9. The remissions of land revenue allowed during the year amounted to Rs. 1,679 in permanently-settled estates, Rs. 1,498 in temporarily-settled estates, and Rs. 33,608 in estates held direct by Government, making a total of Rs. 36,785, of which Rs. 17,524 represented grace remissions, Rs. 9,834 remissions of right, and Rs. 9,427 nominal remissions. The total remissions represented ·12 per cent. of the total demands as against ·14 per cent. in the previous year.

As usual, the remissions of grace were granted mainly in Government estates on account of loss of crops, poverty of the raiyats and deterioration of soil. The largest amounts were Rs. 3,544 in Khulna and Rs. 5,640 in Gaya. The remissions of right were chiefly due to the acquisition of lands for public purposes, diluvion, double assessment of lands, and relinquishment of holdings. Midnapore showed Rs. 5,633 under this head. The nominal remissions included Rs. 4,030 in Puri owing to relinquishment and resumption of lands in the Balukhand Government estate.

Balances.

10. The current and arrear balances outstanding at the close of the year in the three classes of estates amounted to Rs. 5,84,563 and Rs. 1,77,862, respectively, making a total of Rs. 7,62,425, which represented 2·55 per cent. of the total demands —the same percentage as in the preceding year. Rupees 14,262 was included in the total demands, the recovery of which was in suspense and Rs. 61,201 was collected within the year but not credited in the accounts. If these amounts are taken into account the true balances would come to Rs. 6,86,962, or 2·30 per cent. of the demands. Of the total balances, the recovery of Rs. 79,985 is doubtful and the remainder is in process of realization.

Forest and miscellaneous revenue.

Appendix II.

11. The total collections of miscellaneous revenue, including receipts from forest lands in Government estates, amounted to Rs. 13,63,109 as against Rs. 14,12,819 in the preceding year. Out of this Rs. 9,57,438 represented recoveries of survey and settlement charges which were paid in full. There were fewer sales of Government estates, and the capitalized value of land revenue abated under the Land Acquisition Act was

less than in the preceding year. The other principal sources of income were *sabai* grass in the Sonthal Parganas, lac in Palamau, and *pulbandi* contribution in Burdwan. The remissions (Rs. 14,549) and balances (Rs. 16,055) were mostly in respect of fines imposed under the Land Registration Act. The balances are in course of recovery.

Sale of Government estates.

Appendix III.

12. Fourteen estates, covering an area of 366 acres in the Burdwan, Presidency, Bhagalpur and Orissa divisions, were sold during the year for Rs. 944 subject to a total revenue of Rs. 303. In addition to the above, four plots of land with an area of 36 acres were sold for Rs. 2,849, subject to a revenue demand of Rs. 2,843, and eight plots covering an area of 32 acres were sold revenue-free for Rs. 5,454.

Amalgamation of Government estates.

13. In the year under report the principle of amalgamating Government estates which are wholly the property of Government was given further effect to in the Burdwan, Tirhut and Patna divisions. In Bankura, two estates were amalgamated with the two groups already formed in the district. In Saran three estates were amalgamated. In Patna, out of 72 estates, 39 were combined into 11 groups. The change is of importance chiefly in the matter of returns.

Amount of land revenue assigned or alienated by Government in favour of grantees.

Appendices IV and V.

14. Twenty-one plots of Government land were alienated during the year, of which 15 were made over to public bodies. The estimated yearly rental and the market value of the lands alienated aggregated Rs. 8,595-5-7 and Rs. 1,32,664-15-10, respectively. Six plots, covering an area of 1,589·36 acres of land, were granted to private individuals and *quasi*-public bodies: this involved a net total loss of revenue amounting to Rs. 6,021. Besides the alienation of land there were assignments of revenue amounting to Rs. 218 in Angul and Rs. 400 in Darjeeling. In Puri and Sambalpur 14,964·19 acres of land, which had been alienated formerly, were resumed during the year and the revenue assessed thereon amounted to Rs. 1,008.

Road and Public Works cesses.

15. A detailed account of the working of the Bengal Cess Act, 1880, is given in the subsidiary paragraphs below :—

Rate of cesses, land revenue demand and gross rental.

(*i*) During the year Road and Public Works cesses were, as before, levied in 30 districts at the full rate of one anna in each rupee of the annual value of lands or annual net profits of mines and other immovable properties. The current land revenue demand for these districts was Rs. 2,86,37,572 and the valuation or gross rental on which the cesses are assessed amounted to Rs. 14,09,08,268. The percentage of the former to the latter is 20·3.

Demands, collections, balances and remissions.

Appendix XXXIV.

(*ii*) The current account of both the cesses is shown in Appendix XXXIV. The subjoined table is an abstract for the last three years—

Year.	Demand.			Collections.	Percentage of total collections on current demand.	Balance.	Percentage of the balance on the total demand.	Remissions.
	Current.	Arrear.	Total.					
	Rs.	Rs.	Rs.	Rs.		Rs.		Rs.
1908-09 ...	73,92,311	12,83,289	86,75,600	73,17,693	98·9	13,58,529	15·6	98,306
1909-10 ...	76,39,714	13,40,996	89,80,710	75,97,898	99·4	13,92,873	15·5	65,424
1910-11 ...	78,26,215	13,96,802	92,23,017	79,71,806	101·8	11,92,815	12·9	1,07,526

Current demand.

(*iii*) As compared with 1909-10, the current demand of the year under report increased by Rs. 1,86,501. The increase is particularly noticeable in Burdwan (Rs. 16,550), Murshidabad (Rs. 19,068), Monghyr (Rs. 8,362), Bhagalpur (Rs. 59,440),

Sonthal Parganas (Rs. 39,058) and Manbhum (Rs. 35,684), and was chiefly due to valuations and revaluations and to the assessment of mines and forests. In some of the districts there were decreases, notably in Champaran (Rs. 1,571), Purnea (Rs. 1,109), Hazaribagh (Rs. 3,769) and Singhbhum (Rs. 1,920). In Champaran it was mainly due to the cancellation of double assessment in respect of certain estates belonging to the Bettiah Raj and to the reassessment of the *sair-mahal* jungle. The decrease in Purnea was chiefly due to the amalgamation of 274 direct-paying rent-free lands with tauzi No. 7 in the last revaluation of pargana Surjapur. The fluctuations in Hazaribagh and Singhbhum were owing principally to the annual revision of assessments on mines and forests under Chapter V of the Cess Act.

Collections and balances.

(*iv*) Simultaneously with the increase in the current demand, the collections increased by Rs. 3,73,908. Owing to good harvests the year was on the whole favourable for the voluntary payment of cesses, and the provincial percentage of collections rose from 99·4 to 101·8. The balances were smaller than in the past two years. The difference between the closing balance of 1909-10 and the opening balance of the year under report was due to subsequent adjustment of accounts.

Remissions.

(*v*) The largest remissions were granted in Burdwan (Rs. 37,954), Murshidabad (Rs. 14,233), Gaya (Rs. 12,843) and Manbhum (Rs. 11,328). In Burdwan and Manbhum they were chiefly due to the revision of assessment of coal mines, some of which, owing to the dull coal trade, worked at a loss or had to be closed. The remissions in Murshidabad were the result of the recent general revaluation which reduced the arrear and current demands of certain estates and rent-free lands. The reasons which led to the remission in Gaya were the reduction of assessments on appeal, revision of assessment in Government estates, and the elimination of double assessments in regard to rent-free lands.

Percentage of collections in districts.

(*vi*) As regards the percentage of collections, the districts are grouped in two classes, viz., (*i* those in which the collections attained the prescribed standard of 100 per cent. or more on the current demand, and (*ii*) those in which the collections fell short of that standard. The table on the margin shows the districts which fall under class (*i*). For the districts falling in class (*ii*), the percentages attained were nearly up to the standard in Puri (99·9), Shahabad (98·8) and Monghyr (98·8). They were below 98 only in Palamau (94·06), Sonthal Parganas (89·05) and Ranchi (78·6). The falling off in Palamau was due to laxity in making payment on the part of certain big zamindars; in the Sonthal Parganas, to the fact that the assessment of certain estates was made too late in the year; and in Ranchi, to the non-realization of cesses from the Maharaja of Chota Nagpur.

1.	Muzaffarpur	121·8	13.	Birbhum ...	101·2
2.	Jessore	105·3	14.	24-Parganas	101·0
3.	Gaya	104·5	15.	Hazaribagh	100·8
4.	Darbhanga		16.	Khulna	100·7
5.	Cuttack		17.	Midnapore	
6.	Singhbhum	103·2	18.	Bankura ...	100·5
7.	Saran ...	103·1	19.	Manbhum ...	100·4
8.	Hooghly ...	102·4	20.	Burdwan ...	100·2
9.	Balasore ...	102·1	21.	Patna ...	100·1
10.	Purnea	101·6	22.	Champaran	100·09
11.	Nadia		23.	Bhagalpur	100·08
12.	Murshidabad		24.	Darjeeling	100·01

Sums barred by limitation.

(*vii*) The amount of arrears barred by limitation was Rs. 43 only, as against Rs. 54 in 1909-10, and occurred in Bhagalpur, where the actual proprietors of certain revenue-free estates could not be traced.

Working of the certificate procedure.

Appendix XXXV.

(*viii*) The number of certificates filed for the realization of cess arrears was 73,162, as against 73,233 in the previous year. There was a noticeable increase in the number of institutions in Shahabad (1,160) and Bhagalpur (2,105). In Shahabad the increased number of defaults, caused by the attention of the landlords being devoted to survey and settlement operations, is assigned as the reason for the issue of a large number of certificates. The increase in Bhagalpur is explained to be due to the fact that a considerable number of certificates was filed about the close of the year for the realization of arrear cesses for directly-assessed rent-free lands, which had been amalgamated and valued with their parent estates

during the recent revaluation of the district. The decrease in the number of institutions is most marked in Burdwan (1,492), Hooghly (1,385), Murshidabad (1,980) and Muzaffarpur (1,933). In Burdwan it was due to the decrease in the number of directly-paying rent-free lands. The reason for the decrease in Hooghly was abstention from issuing certificates for petty arrears, which were allowed to accumulate till the time of limitation approached. The decrease in Murshidabad is attributed to the issue of a large number of post-card notices which induced payment from the holders of rent-free lands. In Muzaffarpur it was, to a great extent, due to the amalgamation of road cess accounts with those of land revenue.

(*ix*) Including 17,591 (revised figures) certificates pending from the previous year, the total number of certificates aggregated 90,753. Of these, 74,595 were disposed of during the year, leaving 16,158 cases pending, as against 17,591 at the close of the previous year. The number of cases pending for more than six months at the close of the year was 1,592, or 1·7 per cent. of the total number of cases for disposal as against 1,983, or 2 per cent. in 1909-10. The percentage of the total number of pending cases to the total number for disposal was 17·7, as against 18·6 of the past year.

Objections against certificates.

(*x*) The objections against certificates filed and disposed of were 5,108 and 5,018, as against 4,623 and 4,547, respectively, in the previous year. In 463 cases, as against 969 in 1909-10, the certificates were cancelled on account of such normal causes as the death and desertion of judgment-debtors, disappearance of the actual holders, double assessments and errors in the land registration registers. The number of cases in which reductions were made in the certificate demand was 249, as against 119 of the previous year.

Stages of procedure at which demands were satisfied.

(*xi*) The mere issue of preliminary notices under the Certificate Act was sufficient to secure payments in 19,807 cases. Notices for the sale of the defaulters' movable and immovable properties induced payment in 35,913 and 7,605 cases, respectively. Sales were effected in 924 cases before the demands were satisfied. Of these sales, 426 were set aside under sections 20 and 21 of the Certificate Act.

Valuations and revaluations.

Appendix XL.

(*xii*) During the year valuations or revaluations were in progress in 13 out of 30 districts to which the Act applies. Details of these operations will be found in Appendix XL. The chief features of the year's work were the introduction of the combined procedure of revaluation, as laid down in Chapter IIA of the Cess Act, along with the settlement operations in the district of Hazaribagh and the completion of the important revaluations in Northern Monghyr and Southern Bhagalpur. With the completion of the valuation of estates mentioned in the Appendix in the Sonthal Parganas, the valuation of the whole district has been finished.

Separate accounts for revenue-paying and revenue-free estates.

Appendices XXXVI and XXXVII.

(*xiii*) Appendices XXXVI and XXXVII give particulars as to the separate accounts opened under the Cess Act. There were 2,753 separate accounts opened during the year in respect of revenue-paying estates, the total number of such accounts at the close of the year being 78,763 with a cess revenue of Rs. 17,66,190. With regard to revenue-free estates, 57 accounts were opened and the total number at the end of the year stood at 1,740 with a cess demand of Rs. 51,361. The provisions of section 46, clause 2, which permit of the record of separate account of cesses, payable by registered holders of revenue-free estates, have not been extended to the districts of the Orissa division.

Estates, tenures and share-holders.

Appendix XXXVIII.

(*xiv*) In comparison with the preceding year, there was an increase of 2,817 in the number of revenue-paying estates and of 117 in that of revenue-free estates on the cess-roll, owing mainly to the opening of separate accounts, partitions and the valuation of new estates which were not in that roll before. The decrease of 12,167 in the number of rent-free lands was due to the amalgamation proceedings under Chapter IV of the Cess Act.

(*xv*) Appendix XXXIX compares the gross rental of each district according to the latest revaluations with that which was ascertained when the road cess was first introduced under Bengal Act X of 1871. As compared with the year preceding that under report, the gross rental of the Province increased by Rs. 38,84,777—a result of valuations and revaluations and the annual revision of assessments of mines and forests in various districts.

Gross rental.

Appendix XXXIX.

(*xvi*) A revised edition of the Cess Manual was issued during the year.

Cess Manual, 1911.

16. The number of petty estates of which the land revenue was redeemed during the year was 336. They were mostly permanently-settled holdings in the Government estates of Calcutta and the suburbs. The total annual revenue of these estates amounted to Rs. 800, and the aggregate price realized on redemption was Rs. 23,559. These include 6 estates which were redeemed under section 11 of the old Partition Act (Bengal Act VIII of 1876).

Redemption of land revenue.

Appendix VI.

17. The number of money-orders and the amount of land revenue and cesses remitted thereby were 257,825 and Rs. 19,12,853 as against 248,126 and Rs. 18,82,531, respectively in the preceding year. The increase is satisfactory as evidencing the growing popularity of the system, which was devised in the interest of the proprietors. The use of these special money-orders is not yet widespread owing chiefly to the fear of mistakes occurring in the Post Office and to the complication of joint accounts which renders it advisable that personal enquiries should be made at the Tauzi office. The Postmaster-General, Bengal, has in consultation with the Board been making enquiries whether there are any other impediments to the use of these money-orders which might be removed, and the general increase in the year under report as contrasted with the decrease in the previous year may in some measure be due to this action. The average value of an order was Rs. 7-6. The aggregate of the remittances exceeded Rs. 50,000 in the 16 districts shown in Appendix XXX, and in six of them the amount was more than a lakh.

Remittances of land revenue and cesses by means of special money-orders.

Appendix XXX.

18. Payments of rent by money-orders were in force throughout the Province, except in the districts of Darjeeling, the Sonthal Parganas and Angul. As compared with the preceding year, there was an increase both in the number of orders (from 45,635 to 49,509) and the amount covered by them (from Rs. 7,77,068 to Rs. 8,50,025). The increase was shared by all the divisions except Bhagalpur. The percentage of money-orders refused to money-orders issued showed a slight rise from 24·8 to 24·9. The increase was marked in the Bhagalpur division, where the percentage rose from 24·8 to 39·7 owing to the large proportion of refusals in Purnea. The Collector is unable to offer a satisfactory explanation of the increase.

Remittances of rent by money-orders.

Appendix XXXI.

19. In comparison with the previous year there was a large decrease in the number of defaults in the payment of land revenue. The number of sales also declined slightly. Out of 11,949 estates, shares and interests which became liable to sale for the non-payment of Government revenue, as compared with 12,998 of the previous year, 667, or 5·5 per cent., were actually sold as against 675, or 5·1 per cent., in the previous year. Of the total number sold, 407 were whole estates and 260 shares. The amount realized by sale was Rs. 2,88,187, or six times the Government revenue of the properties sold, as against seven times in the previous year. Out of 144 appeals preferred to Commissioners against sales 41 were successful, while recommendations for the annulment of sales on the ground of hardship were made to Government in 16 cases.

Operation of the Sale Laws.

Appendices VII and VIII.

20. The number of *chaukidari chakaran* lands in the districts of Burdwan, Birbhum, Bankura, Midnapore, Hooghly, Saran and Monghyr sold for

arrears was 33 in which the Government revenue payable was Rs. 530. There were two appeals preferred in which sales were annulled.

Districts.	Defaults.	Sales.	Districts.	Defaults.	Sales.
Patna ...	1,437	55	Darbhanga ...	555	14
Shahabad ...	1,332	63	Hooghly ...	400	63
Muzaffarpur ...	1,278	65	Balasore ...	390	8
Cuttack ...	1,145	32	Bhagalpur ...	384	22
Midnapore ...	1,101	73	Burdwan ...	306	43
Monghyr ...	866	67	24-Parganas	262	27
Gaya ...	820	29	Jessore ...	160	22
Saran ...	643	23			

21. The districts in which defaults in the payment of revenue were most numerous are noted on the margin and are the same as in previous year.

22. Wilful defaults due to unprofitableness of estates, quarrels among co-sharers, annulment of encumbrances, insolvency of proprietors, and the neglect on the part of agents were the chief causes which led to the estates in the various districts being brought to sale.

Districts.		Districts.	
Khulna ...	32·1	Murshidabad ...	9·4
Bankura ...	21·5	Nadia ...	8·8
Hooghly ...	15·7	Monghyr ...	7·7
Burdwan ...	14·0	Midnapore ...	6·6
Jessore ...	13·7	Bhagalpur ...	5·7
Purnea ...	13·5	Muzaffarpur ...	5·08
24-Parganas ...	10·3		

23. The marginal statement shows the proportion of sales to defaults in the districts in which the sales were most numerous. The rule that the sales for the arrear of one *kist* should be held before the next *kist* day was generally observed.

Working of the Bengal Public Demands Recovery Act, I of 1895, as amended by Bengal Act I of 1897.

[Appendix IX.

24. The total number of certificates (exclusive of those for cesses, already noticed) filed during the year under report fell from 62,082 to 61,731, showing a decrease of 351. The decrease was common to all the divisions except Patna, Tirhut and Bhagalpur. There was a falling off under the heads "To realize arrears of rent due to Government," "To realize water-rates, &c.," and "All other certificates made under section 7 (1)." The decrease was most marked under the latter head, where the institutions declined from 34,514 to 31,777.

25. There was a nominal increase under the head "Of all kinds under section 5, Bengal Act I of 1895".

Under the head "To realize arrears of rent due to Government" the decrease was most noticeable in Bankura, where practically no certificates were issued for the realization of demands from the khas mahal tenants. There was a marked increase in Midnapore due to the raiyats of pargana Doro, included in the Majnamutha Government estate, having withheld payment of rent at the enhanced rate fixed at the last settlement.

Under the head "To realize embankment dues" the increase occurred chiefly in the Tirhut Division where the number rose from 3,515 to 3,706.

Under the head "To realize water-rates" the decrease in Hooghly (from 277 to 68) is attributed to the fact that the greater part of the demand was paid by the judgment-debtors shortly after the issue of notices.

Under the head "To realize Court of Wards' demands" the increase occurred chiefly in Monghyr, Bhagalpur and Cuttack. In Monghyr the increase (639) was due to the impossibility of amicably collecting rents of the Chapraon estate and in Bhagalpur (1,532) of the Sonbarsa estate. In Cuttack the increase (620) is attributed to the filing of a larger number of certificates by the Darpan estate for the realization of the heavy outstanding balances of previous years.

Under the head "All other certificates made under section 7 (1)" the largest decrease was in the district of Murshidabad, where the number fell from 5,520 to 380. This was due to the costs of the Fatehsingh settlement operations having been mostly recovered in the preceding year and to the realization of agricultural loans locally by gazetted officers at harvest time under the instructions of the Board. There were also large decreases, in Midnapore (782), Howrah (1,442), Cuttack (580) and Puri (880). The decrease in Midnapore and Cuttack was mainly due to the falling off in the number of certificates for the realization of fines imposed under the Land Registration Act. In Howrah, it was on account of the fact that in the preceding year an abnormally large number of drainage certificates had been filed on behalf of zamindars against their tenants, while, in Puri, it was due to the deputation

of a Sub-Deputy Collector to realize arrears of *taccavi* loans without resort to the certificate procedure. The increase in Khulna was due to the recovery of costs in connection with the settlement of Debi Bhadra. In Nadia it was due to the realization of arrear demands of agricultural loans advanced during the scarcity of 1908. In Gaya, Shahabad and Monghyr the increase was on account of fines under the Land Registration Act, while in Muzaffarpur a larger number of certificates was issued for the recovery of partition costs.

26. *Disposals.*—The number of disposals fell short of the new institutions in the Patna, Tirhut, Bhagalpur and Chota Nagpur divisions. The percentage of the total number of cases disposed of to the total number of cases for disposal was 76·2 as against 76·7 in the preceding year. The Orissa division returned the highest percentage (88·2) and the Bhagalpur division the lowest (63·7).

27. *Pending cases.*—As in the last year, the largest number of cases pending over six months was in the Presidency division (1,583) and the lowest in the Orissa division (276). There was a satisfactory decline in Murshidabad from 2,013 to 475.

28. The subjoined table shows the stages of procedure at which demands were satisfied in the several divisions:—

Divisions.	Number of cases in which payments were made on mere issue of notices.	Number of cases in which payments were made on attachment of property.	Number of cases in which recourse to actual sale was necessary.	Number of cases in which warrants were issued and the amounts were paid without imprisonment of defaulters.	Number of debtors imprisoned.	
					Number realized on payment of debt before expiration of imprisonment.	Number realized without full payment of debt.
Burdwan ...	3,410	7,646	315	228	1	...
Presidency ...	1,386	5,514	220	308	8	5
Patna ...	1,595	4,820	207	49	3	10
Tirhut ...	3,030	7,605	436	226	3	2
Bhagalpur ...	2,442	3,021	731	108	1	...
Orissa ...	2,258	3,541	257	37	...	1
Chota Nagpur	838	2,359	100	53	...	2
Total ...	14,959	34,506	2,266	1,009	16	20

Of the total number of cases disposed of, the percentages in which payments were made on the mere issue of notices and on attachment of property were 24·3 and 56·2, respectively, as compared with 24·5 and 53·8 in the preceding year.

Realization of Government demands by imprisonment.

29. Twenty-eight persons were imprisoned during the year for the non-payment of Government demands (exclusive of sums due to Wards' estates, and for road-cess, pound and ferry dues, etc.) as against 21 in the previous year. Of these debtors, 16 were released on payment of dues or on execution of bonds. In Darbhanga the defaulter was released, but is being prosecuted criminally for cheating. In the remaining 11 cases the debts remained unpaid.

Part II.—Administration of Land Revenue.

Estates under direct management.

30. The total number of estates under direct management, including estates of private individuals managed by Government, was 934 with a current demand of Rs. 27,68,091. The percentage of cost of management on the current demand was 8·1.

31. There was no marked change in the system of management. The tahsil circles of the Diamond Harbour subdivision in the district of the 24-Parganas were reconstituted, and a large percentage of *bhaoli* lands in the Sadar subdivision of Gaya was converted into *nagdi* tenancies.

Agency and mode of management.

32. The amount placed at the disposal of the Board for the management and improvement of Government estates during the year 1910-11 amounted to Rs. 4,22,585 Appendix X shows the expenditure under the heads of—

Grant for the management of, and for agricultural, sanitary and miscellaneous improvements in, Government estates.

(1) Management;
(2) Miscellaneous improvements, including agricultural improvements and experiments;
(3) Sanitary improvements.

33. *Miscellaneous and sanitary improvements.*—Out of the total expenditure of Rs. 1,67,871 under these heads, Rs. 19,866 was spent on tanks and wells, Rs. 43,968 on drainage, irrigation and embankments, Rs. 46,538 on roads and bridges, and the remainder on miscellaneous works, including tree-planting. The total unexpended balance amounted to Rs. 10,017. The largest unspent balances were in the Burdwan (Rs. 4,480) and Orissa (Rs. 3,904) divisions, the districts chiefly concerned being Midnapore and Puri. In the former a sum of Rs. 25,665 was spent on various works of improvement, especially on repairs to *grambherris* (village embankments), silt-clearance of khals, etc., against an allotment of Rs. 30,000. The balance of Rs. 4,335 was not expended before the close of the year, as some of the works could not be taken up in time. In Puri the unexpended balance was Rs. 3,902. The Collector states that the whole of the grant, viz., Rs. 14,000, was transferred to the District Fund soon after the sanction of the Board had been received, and that of this sum Rs. 10,098 represented the actual disbursement up to the close of the year. Other works to the value of Rs. 2,500 were, however, executed, but could not be paid for during the year as they were not completed. The Collector will be asked to explain under what authority the transfer was made, and to state the circumstances which led to the failure to spend the remaining Rs. 1,402. The grants made for the improvement of Government estates in Bhagalpur and the Sonthal Parganas were exceeded by Rs. 199 and Rs. 18,355, respectively. The excess in the latter district was met from the District Fund to which Government as usual made special contributions. Nothing was spent in Ranchi out of the allotment of Rs. 1,019 sanctioned by the Board for the reason that no contractors were forthcoming to carry out repairs to two important bunds. This allotment was therefore resumed by the Board towards the close of the year.

34. The total expenditure on education in Government estates was Rs. 51,029, as against a Government grant of Rs. 44,860. The excess expenditure, which occurred in Burdwan, Midnapore, Cuttack and Balasore, was met from the primary education and local grants.

Education.

35. Compared with the preceding year, there was an increase in the number of schools in all the divisions, except Orissa. The number of pupils increased in all the divisions, except in Patna and Orissa, where there was a decrease of 49 and 335, respectively. The increase was most marked in the Burdwan (5,007), Presidency (729), and Chota Nagpur (195) divisions. The decrease in the Orissa division was shared by all the districts. In Puri it was due to the establishment of other schools supported entirely from private sources, and in Sambalpur to the transfer of a few largely attended schools to the management of the District Council.

36. Consistent endeavours were made in the Government estates in Palamau and Singhbhum to impart education to the aboriginals. In Shahabad, two schools for the aboriginals on the plateau at Rohtas and Rehal, which were closed about four or five years ago, were reopened during the year.

37. The expenditure on roads and communications in Government estates amounted to Rs. 1,34,931, against the Government 1½ per cent. grant of Rs. 56,733. The expenditure exceeded the grant in all but the Presidency and Tirhut divisions.

Roads and communications.

The excess amount was met from district board, municipal or other local funds. The expenditure fell short of the grant, chiefly in the districts of Nadia and Patna. As in the previous year, the grant in Sambalpur was not utilized for any particular work, but was credited to the district fund and spent by the District Council as part of the total allotment for roads and communications.

Inspection of accounts.

38. The inspections of accounts of Government estates were generally adequate. The following were the only instances of irregularities brought to light,

The tahsildar of Angarberia and Painabad estates in the 24-Parganas was dismissed for embezzling Government money and forging rent-receipts. There was an alleged theft of collections in the tahsil office at Ghateswar in the Diamond Harbour subdivision of the district. The tahsildar was suspected and was dismissed. In both the cases the money was fully realized. In Bhagalpur, the cheating case mentioned in last year's report ended in acquittal, and the departmental enquiry against a kanungo in connection with it was dropped for want of sufficient evidence. In Khurda in the district of Puri, 26 *sarbarahkars* were fined for keeping their accounts badly.

Condition of raiyats in Government estates.

39. There is nothing special to note regarding the condition of the tenantry. Crops were excellent throughout the Province, and the raiyats shared in the general agricultural prosperity. The settlement and survey operations in Midnapore came to a close during the year, but an increase in civil litigation followed to contest enhancements of rents and entries of *status* in the record-of-rights. Some loss of crops from floods occurred in Burdwan, Midnapore, Purnea, Bhagalpur, Monghyr and Cuttack, while in Gaya the market was unfavourable to tenants producing lac and *mahua* in the south of the district. Plague caused a considerable loss of life in the Patna and Tirhut divisions. On the whole, however, the condition of the raiyats in Government estates was satisfactory throughout the year.

Surveys.

40. An account of the surveys under the supervision of the Director of Surveys, Bengal, and the Director of Land Records is given in the annual reports of these officers. Some survey proceedings were undertaken by non-professional agency under the Commissioners of divisions in connection with petty settlement operations or relaying of boundaries. Those of any magnitude were in Midnapore, Hooghly, the 24-Parganas, Nadia and Monghyr.

Settlements.

41. An account of the settlements effected under the supervision of the Director of Land Records has been furnished in his Settlement Report for the year ending the 30th September 1910. The financial results of these operations and of those carried out, during the year, under the control of the Commissioners of divisions, are shown in Appendix XI to this report. The net increase in the revenue demand obtained was Rs. 15,590, to which the districts of Hooghly, the 24-Parganas, Khulna and Saran principally contributed. During the year 316 cases were disposed of and 228 cases were left pending, principally in Hooghly (64) and Muzaffarpur (36).

Settlements under the Bengal Tenancy Act of Government estates carried on under the supervision of Commissioners.

42. The progress in settlements in respect of Government estates, carried on under the Bengal Tenancy Act, under the supervision of the Commissioners of divisions, is shown in Appendix XII to this report. The area covered was 13,477 acres in 46 villages with 12,896 tenants The expenditure incurred on settlements in progress during the year was only Rs. 1,828.

43. Twenty-five cases of settlements of *ghatwali* tenures in Bankura were pending at the close of the preceding year. The settlement of one case has since been effected, and in another, the execution of the documents is kept in abeyance at the instance of the proprietors pending the final settlement of a dispute between them and the *ghatwals*. In the remaining cases the *ghatwals* are still doing police duties and the proceedings have been stayed for the present.

44. Of the 362 *simandari* tenures in Bankura, 309 have been settled with the proprietors up to the close of the year under report, and in 348

cases *kabuliyats* have been executed by the *simandars* in favour of the proprietors.

45. The question of the status of the tenants of the Chinsura khas mahal in Hooghly was decided, and also the grounds on which their rents could be enhanced, and 276 cases were instituted for enhancement of rents, 99 of which have been disposed of during the year. The test ejectment suits in the Rishra Government estate were compromised favourably to Government, and it is expected that the settlement proceedings in the estate will soon be brought to a close.

46. The settlement of the revenue-free estates in Banki in the district of Cuttack was completed during the year.

Irrigation and Drainage.

47. A brief description of irrigation and drainage projects, other than those maintained by the Public Works Department and those in Government estates maintained from the improvement grant, is given here.

Burdwan division.—In Midnapore silt-clearance of some khals was carried out by the Mahisadal Raj. The subjoined table shows the accounts of the Howrah and Rajapur drainage schemes in the district of Howrah :—

Scheme.	Original demand.	Revised demand.	Balance as accepted by Accountant-General after adjustment of accounts.	Amount realised up to the end of 1910-11.	Amount remaining to be realised.	Amount to be refunded.	Amount actually refunded.	Balance remaining to be refunded.
	Rs.	Rs.	Rs.	Rs.	Rs	Rs.	Rs.	Rs.
Howrah ..	6,44,099	5,35,776	22,299	9,304	12,995	82,899	74,310	8,589
Rajapur ...	17,07,424	14,97,349	2,75,702	2,34,391	41,311	39,777	22,981	16,796

At the beginning of the year there were eight estates under the management of Government under section 39 of the Drainage Act. Two were released on full payment of all drainage dues, but two fresh estates had to be brought under management.

Presidency division.—In the 24-Parganas the Magrahat drainage scheme is progressing fairly. It is reported that, although the work is not yet complete, the benefits of the scheme are already apparent, and that in some of the areas previously water-logged magnificent crops were obtained. There are also other important projects in the district; a scheme for the drainage of the Nawi and Santi river basins in the Baraset subdivision has been taken up; estimates for the construction of a 15-vent sluice at Kantakhali and a 6-vented one on the right bank of the Peali river are under preparation; and surveys are being made for the Hara drainage projects. The revised scheme for the drainage of the Charuikol swamp in Nadia is under the consideration of the Drainage Commissioners. The scheme for the improvement of the Bhairab valley in Jessore has received the approval of the Chief Engineer.

Patna and Chota Nagpur divisions.—No work of any importance was undertaken.

Tirhut division.—A scheme for the drainage and irrigation of the Mohinalla channel in Muzaffarpur is under consideration.

Bhagalpur division.—In Monghyr the Kiul irrigation project for the irrigation of 26,000 acres of lands in thanas Shaikhpura and Sikandra is under the consideration of Government. The principal irrigation scheme in Bhagalpur is the Kajhia Danr, by which it is proposed to irrigate 28,000 acres of paddy and *rabi* lands. Work to the extent of Rs. 25,000 in connection with the head works has already been done. Private works, such as the Telia Danr, Biswaspur Baniadehi, and Khaira Bandh, were completed. In the Sonthal Parganas Rs. 4,551 was spent in drainage and irrigation projects.

Orissa division.—In Cuttack the raising of the crest of the flood embankment of the Pattamundai canal was continued. The source of the Sanai rivulet in Balasore was again re-excavated by the Maharaja of Mohurbhanj. Nine irrigation reservoirs were improved at a cost of Rs. 3,740 in Angul. There are no irrigation works in Sambalpur.

48. The following particulars regarding embankments have been furnished by Commissioners. There is nothing special to notice under this head in the Chota Nagpur division.

Embankments.

Burdwan division.—The Damodar embankment and Ajai right embankment in the Burdwan district, which are included in schedule D and extend over 75 miles, were efficiently maintained. There was no high flood in the Damodar, and the damage done by the spill over the right bank was small. Midnapore is the most important district as regards embankments; its 19 embankments are maintained under the contract system at an annual payment of Rs. 50,757. Unauthorized creation of *bundhs* within the prohibited area led to the prosecution of 76 persons, of whom 66 were convicted. In Hooghly, the remodelling of the zamindari embankment on the left bank of the Madaria khal is in progress; and a project for the silt-clearance of that khal is under consideration. The apportionment of cost for remodelling the Champa-khal embankment in Howrah is kept in abeyance, till an appeal, preferred before the Commissioner by the Burdwan Raj, claiming immunity from the charges, is disposed of.

Presidency division.—In the 24-Parganas there are about 205 miles of schedule D embankments, containing 51 Government and 27 *takavi* sluices, which are in fairly good condition. The total expenditure on repairs and maintenance of schedule D and *takavi* embankments and sluices came to Rs. 42,771. No serious breaches were reported. In one case of unauthorized cutting, the proceedings against the villagers were dropped on their paying the cost of closing the cut. The private embankments in the parganas of Futtehsing and Rokunpore in the Murshidabad district, entered in schedule E, which are maintained by the zamindars receiving *pulbandi* allowance, are either very badly maintained or untraceable. It is now contemplated that some of these should be declared public embankments under section 7, while the others should be abandoned, and that the allowances should be resumed under section 46.

Patna division.—The Sakri bundh, which is the only embankment in the division, does not serve any practical purpose, now that the river has changed its course.

Tirhut division.—The principal embankment in the division is the Gandak embankment which runs through all the four districts. The other embankments are the Turki and the Daudpur in Muzaffarpur and the Ganges embankment in Darbhanga, which are all maintained under the *takavi* system, the cost of their maintenance being recovered by an annual apportionment of the charges from the estates benefited. The enquiry regarding the incorrect assessment of the embankment cess in Champaran has been finished, and a temporary establishment has been sanctioned to revise the assessment.

Bhagalpur division.—The Gogri embankment in Monghyr, the Chandan embankment in Bhagalpur and the Belwa embankment in Purnea are the three public embankments maintained by Government. There is nothing special to note regarding them. In the Sonthal Parganas, action is proposed under the Embankment Act to lay down embankments on both the eastern and western banks of the Gerua river as a protection against flood.

Orissa division.—The embankments in charge of the Public Works Department in the several districts of the division were maintained in good order, and no breaches of any importance occurred. The damage done to the embankments by floods has since been repaired. There are no embankments in Angul and Sambalpur.

49. The applications under the Bengal Land Registration Act for registration of succession to proprietary interests in land by purchase, inheritance, gift, or otherwise, numbered 58,688, of which 45,012 were granted before the close of the year. The number of old interests removed and new interests recorded were 56,231 and 65,013, respectively. At the close of the year the total number of recorded interests in the Province (excluding Sambalpur) was 1,085,729, as against 1,076,947 at the beginning. In Sambalpur 150 mutations were registered under section 125 of the Central Provinces Land Revenue Act, XVIII of 1881.

Land Registration.

Appendix XXXIII.

50. Transfer lists were on the whole regularly supplied by other offices and courts, though compiaints were made in some districts. In most of the districts the registers are reported to be in good condition. The Land Registration establishments .were made permanent in all except a few districts. The expenditure on account of Land Registration work amounted to Rs. 15,087, as against Rs. 13,263 in the preceding year. The fees realized under section 64 amounted to Rs. 2,861, as against Rs. 2,965 in 1909-10. There was one case of fraudulent registration in Cuttack, but four suspected cases are under enquiry in Shahabad. The number of appeals or applications for revision presented to the Board under section 85 was 54, of which 48 were rejected and 6 granted.

Separate accounts of land revenue payments opened for shares under Act XI of 1859, and Bengal Act VII of 1876.

Appendix XIV.

51. Two thousand eight hundred and nine separate accounts were opened during the year, making at the close of the year a total of 90,304, paying a revenue demand of Rs. 79,67,228. Of these, 63,451 accounts were for shares in joint estates held in common tenancy (under section 10 of Act XI of 1859), 6,514 were for shares representing specific portions of land in estates (under section 11 of the same Act), and 20,339 were for shares consisting of undivided interests in specific lands (under section 70 of Bengal Act VII of 1876). The number of separate accounts closed by the sale of parent estates was 874, the revenue concerned being Rs. 58,114.

Registration of tenures under Act XI of 1859.

Appendix XV.

52. There were during the year 18 cases of registration of tenures for protection against annulment in the event of the sale of the parent estate for arrears of revenue under Act XI of 1859. The total number of tenures thus protected was 2,075 at the close of the year. They comprise a total area of 34,54,311 acres, with a total rental of Rs. 21,08,441.

Partitions.

Appendix XXXII.

53. Appendix XXXII shows the state of the partition files in the various districts. The number of cases instituted was slightly less than in the previous year, while the number of disposals did not fall off, with the result that the number of cases pending at the end of the year was 946 as against 991 at the close of 1909-10. The number of pending cases is largest in Muzaffarpur 147, Gaya 146, Darbhanga and Monghyr 104 each.

Of the pending cases, 472 are more than two years old. The figures, however, show an improvement over the previous year, when the total was 528. Gaya with 87 cases, Shahabad with 72, Monghyr with 71, and Muzaffarpur with 59 show the heaviest files of these long pending cases.

The districts of Saran, Muzaffarpur, Darbhanga, Gaya, Monghyr and Khulna had whole-time partition officers during the year, and in each of the districts of Patna, Shahabad, Jessore, Cuttack and Purnea there was a half-time partition officer. In the other districts the work was done by Deputy Collectors in the general line. The congested state of the partition files in several of the Bihar districts has attracted the special notice of the Board; and since the close of the year an additional Butwara officer has been deputed to each of the districts of Gaya and Muzaffarpur. It is hoped that it will be found possible to depute extra officers to other districts as well until the long pending cases have been disposed of.

Average cost.

54. The average cost per acre of partitions completed during the year in the Patna, Tirhut and Bhagalpur divisions varied from annas 2-8 in Muzaffarpur and annas 5-6 in Bhagalpur to Re. 1-4 in each of the districts of Saran and Patna. The high rate of cost in Saran is attributed to the long duration of some strongly contested cases. The low rate in Muzaffarpur is attributed by the Commissioner as apparently due to simplicity in cases and care in administration.

Partition Fund accounts.

55. Estates Partition Funds exist in the districts of Jessore, Cuttack, Monghyr, Bhagalpur, Patna, Gaya, Shahabad and in all the districts of the Tirhut division, except Champaran. The accounts of all these districts, except Jessore, were audited by the Examiner of Local Accounts. The Commissioner has already invited the attention of the Accountant-General, Bengal, to the necessity for auditing

the accounts of the Jessore Partition Fund. The accounts of the districts which have not got Partition Funds were audited by the Treasury officers concerned, but in the case of Nadia no information on the point has been given by the Collector.

Working of the Estates Partition Act of 1897.

56. The Partition Act in its present form offers innumerable opportunities for obstruction in the disposal of cases, and delays are unavoidable in contested cases. A Bill to shorten and simplify the procedure was introduced in the Bengal Legislative Council on the 18th February 1911. The opinions of local officers and of public bodies and associations have been collected, and the subject is now under the consideration of Government. An effort is being made to reduce arrears also by deputing additional partition officers to districts where work is congested.

Land Acquisition.

Appendix XVI.

57. Proceedings for the acquisition, on behalf of Government or local bodies and companies, of land covering an area of 11,770 acres were confirmed during the year at a total cost of Rs. 59,47,962, as compared with an area of 11,178 acres at a cost of Rs. 55,98,444 during the preceding year. Detailed particulars for each district are given in Appendix XVI. The abatements of annual revenue allowed on account of lands acquired for Government purposes, including State railways, amounted to Rs. 3,124-7-3, and a sum of Rs. 21,262-15-10 was paid to Government on account of the capitalized value of the Government revenue, amounting to Rs. 850-10, abated for lands taken up for local bodies and companies.

Of the total expenditure incurred, Rs. 31,93,038 was for acquisition of lands for Government, including State railways, and Rs. 27,54,924 for all other purposes, viz., for the needs of the Port Commissioners of Calcutta, Railway Companies, District Boards, Municipalities and Companies.

The average cost per acre of the lands for which acquisition proceedings were confirmed during the year was Rs. 505 against Rs. 500 in the preceding year. Omitting, however, lands of special value, acquired chiefly within the Calcutta Municipality, the average cost per acre during the year under review was Rs. 371.

Waste lands.

58. The number of leases granted under the rules of 1853 still current in the 24-Parganas and Khulna portions of the Sundarbans was 131. The rent payable under them is Rs. 1,32,222, which will eventually rise to Rs. 1,35,802.

The rules of 1879 for the grant of waste lands in the Sundarbans in these districts are still under suspension, and draft rules to be substituted for them are under consideration.

During the year the estate Fraserganj in the 24-Parganas Sundarbans, with an area of 9,440 acres, was settled with Maharaja Manindra Chandra Nundi of Cossimbazar, under a special form of lease for forty years with effect from the 1st of December 1910. The present rent is Rs. 2,500, which will eventually rise to Rs. 30,340 per annum.

The registration of the lease of another estate, lot No. 164, Kaikhali, in the Khulna Sundarbans, sanctioned by the Government of India as a special case, to the Bengal Young Men's Zamindari Co-operative Urban Society, Limited, could not be completed owing to certain defects regarding the boundaries of the estate.

The number of leases in the 24-Parganas, under the large capitalists' rules was 188 covering an area of 344,263 acres. The rent payable under them is Rs. 58,292 rising ultimately to Rs. 2,35,111. In Khulna no fresh leases under the large or small capitalists' rules were granted during the year.

Improvements made in resumed Sundarbans estates.

59. There were 17 resumed estates in the 24-Parganas portion of the Sundarbans (including Saugor Island). Eight of them are fit for cultivation and they have been kept under *khas* management. In one of them, Tona, a masonry sluice gate has been constructed and the bunds repaired to some extent for the protection of crops.

In Khulna a sum of Rs. 2,200 was spent on account of construction and repairs of embankments and sluices in the Sundarban estates, Chandkhali, Hatiardanga, and Shibnagor.

60. The levy of *abwabs* and other illegal cesses in addition to rent continues to prevail more or less in this Province. In the Burdwan and Presidency divisions *abwabs* are generally paid by the raiyats in order to avoid greater harassment in other ways, and particularly to prevent enhancement of the original rent. In the Patna division it is reported that "an attempt on the part of the zamindars to levy *abwabs* is opposed by the intelligent section of the raiyats." In the Tirhut division the levy of illegal cesses or *abwabs* still prevails more or less in every district in estates outside the control of the Court of Wards. Illegal cesses are, however, reported to have diminished appreciably since the completion of the record-of-rights in this division. In Bhagalpur some cases were instituted in the Sonthal Parganas against the Naib of the Hetampur Raj for deducting illegal *abwabs* from the rent paid by the headmen. The money illegally levied was ordered to be refunded. A *mukarraridar* in the Jamtara subdivision of that district was bound down for habitually extorting illegal cesses, and this had a salutary effect on other landlords there. In Orissa illegal cesses were realized by the landlords in addition to rent in the districts of Balasore and Puri. In Chota Nagpur eight cases were instituted against landlords for illegal exactions under section 63 of the Chota Nagpur Tenancy Act, viz., six in Ranchi and two in Palamau. Many instances of the demand and collection of Road and Public Works cesses in excess of the legal rates were noticed in Hazaribagh and Manbhum by the officers of the Settlement Department. *Mangans*, or occasional benevolences, are also common in the latter district.

Zamindari *abwabs*.

61. It is only in the Orissa division that the kanungos under Regulations V of 1816 and I of 1819 are in existence, and, in the year under report, the number of these remained unchanged. As usual, they were employed in miscellaneous revenue work, *e.g.*, collection of *takavi* advances, enquiry into cases of encroachments on reserved lands, realization of petty public demands, collection of statistics for periodical reports and returns, census operations, etc. The kanungos in the Khurda Government estate assisted in the *milan khasra* work and collected the rents in *khas* villages.

Kanungos.

62. Patwaris appointed under Regulation XII of 1817 exist only in the districts of the Patna and Tirhut divisions, in the district of Monghyr, in two parganas of Palamau and in the Pataspur estate in Midnapore.

Patwaris.

The number of cases for disposal during the year in the districts of the Patna and Tirhut divisions under the Regulation was 1,265, of which 246 remained undisposed of at its close. They chiefly related to the appointment or dismissal of the patwaris or to the recovery of their pay. Of the above cases no less than 474 were instituted by the Collector of Darbhanga calling upon the zamindars to file nomination-rolls.

63. The financial results of the working of the Loans Acts are shown in Appendices XVII and XVIII, Parts (A) and (B), in accordance with the Government of India's Circular No. 2-138-2, of the 15th February 1906.

Financial results of loans operations under Act XIX of 1883 and Act XII of 1884.

64. The advances granted during the year under the Land Improvement Loans Act amounted to Rs. 89,831 as against Rs. 3,52,532 in the preceding year. The districts in which they exceeded Rs. 5,000 are the following:—Bankura Rs. 8,000, 24-Parganas Rs. 6,675, Jessore Rs. 10,750, Gaya Rs. 8,850, Saran Rs. 10,175, Ranchi Rs. 6,894, and Palamau Rs. 12,371.

Advances under the Land Improvement Loans Act, XIX of 1883.

Appendix XVII (Part A).

The advances were mainly for the purpose of improving the means of irrigation by excavating or deepening tanks, repairing reservoirs and constructing bunds and wells.

65. The balance of loans outstanding under the Act on the 1st April 1910 amounted to Rs. 16,20,323. This sum was increased to Rs. 17,10,154 by the advances made during the year. The amount due for recovery on account of principal during the year was Rs. 4,67,920. The total collections amounted to Rs. 3,60,214, of which Rs. 20,929 payments in advance represented and Rs. 3,39,285 payments in respect of the amount recoverable in

the year, while Rs. 369 was remitted. The percentage of total collections (including advance collections) on the realizable demand was 76·9 as against 82·6 in the preceding year. The net amount of the year's demand overdue at the end of the year was Rs. 1,28,001. The amounts overdue exceeded Rs. 10,000 in the following districts—Muzaffarpur Rs. 35,214, Darbhanga Rs. 13,686, Bhagalpur Rs. 16,925, and Hazaribagh Rs. 17,578.

66. Certificates were issued to realize the outstanding balance in Burdwan. The heavy balance in Bankura is ascribed partly to the fact that in certain cases the instalments fell due for the first time and the borrowers neglected to comply with the terms of their bonds, and partly to forbearance in the adoption of coercive measures. In the Presidency division steps are being taken for the realization of the arrears by the certificate procedure. The amounts overdue in Shahabad and in Patna are in course of realization either by the issue of warning cards or by the deputation of Sub-Deputy Collectors and kanungos. In order to expedite collections of the outstanding loans the services of gazetted officers were utilized both in Muzaffarpur and Darbhanga, and the Collector of the latter district reports that managers of indigo concerns have given valuable assistance in this direction. In the Bhagalpur division it is reported that vigorous steps are being taken to realize the balance. No explanation has been given of the heavy balance in Hazaribagh, but a considerable sum has been realized since the close of the year.

Financial Results.

Appendix XVIII (Part A.)

67. The financial results of the working of the Land Improvement Loans Act are shown in Appendix XVIII (Part A). The interest payable to the Imperial Government for the year in respect of all advances made under this Act was Rs. 59,771. The amount of interest collected by the Provincial Government from its debtors during the year amounted to Rs. 69,959. The balance of interest in the hands of the Provincial Government was therefore Rs. 10,188. The amount of principal remitted during the year was Rs. 369; this has to be borne by the Provincial Government, as well as the expenses connected with the working of the Act during the year which amounted to Rs. 1,660. Thus a net profit of Rs. 8,159 accrued to the Provincial Government.

Advances under the Agriculturists' Loans Act, XII of 1884.

Appendix XVII (Part B.)

Principal.

68. The balance of principal outstanding under the Agriculturists' Loans Act from the previous year on the 1st April 1910 was Rs. 48,25,329 after adjusting the accounts in Monghyr and Angul. The amount advanced during the year was Rs. 3,18,760, making a total principal of Rs. 51,44,089. Out of this Rs. 29,60,633 was recoverable within the year. The total collections amounted to Rs. 20,03,965, of which Rs. 1,75,554 represented advance payments and Rs. 183 was remitted. The balance of the recoverable demand amounts to Rs. 11,31,426, out of which Rs. 2,35,208 was suspended. Deducting this sum, the balance which ought to have been but was not collected during the year was Rs. 8,96,218, or nearly one-third of the total amount due for collection.

69. The districts in which the largest sums were advanced during the year were:—

	Rs.		Rs.
24-Parganas ...	22,790	Darbhanga ...	1,11,500
Champaran ...	74,948	Sonthal Parganas ...	28,069
Muzaffarpur ...	40,777		

70. The largest recoveries were in:—

	Rs.		Rs.
Nadia ...	2,00,437	Bhagalpur ...	6,35,864
Murshidabad ...	56,281	Purnea ...	68,655
Jessore ...	64,117	Cuttack ...	55,669
Patna ...	57,041	Hazaribagh ...	52,108
Muzaffarpur ...	79,611	Ranchi ...	52,249
Darbhanga ...	1,54,661	Palamau ...	98,136

71. The arrears of interest suspended and overdue at the commencement of the year amounted to Rs. 1,86,225 after adjusting accounts in Birbhum, Bhagalpur, Angul, Palamau and Manbhum. The interest falling due within the year amounted to Rs. 2,39,148. Thus the total interest for realization amounted to Rs. 4,25,373. The collections were Rs. 2,52,102 (including Rs. 13,555 collected in advance), and Rs. 63 was remitted. The balance outstanding was Rs. 1,86,731, out of which Rs. 28,047 was suspended.

Interest.

72. In the Burdwan division the outstanding balance is most conspicuous in Bankura. The explanation offered by the Collector is that during the scarcity in 1907-08 loans were liberally granted to persons having little means to liquidate their debts. A Deputy Collector and a kanungo have been deputed to realize the balance. In the Presidency division the balances were, as in the previous year, heaviest in Nadia (Rs. 1,83,291), the Meherpur subdivision alone being responsible for Rs. 1,14,454: Rs. 22,835 has been realized since the close of the year, and a portion of the arrears is covered by certificates. Steps were taken to realize the arrears by deputing two Probationary Deputy Collectors to Meherpur subdivision and two to Jessore. Under the recent orders of the Board and Government coercive measures were not taken, except in a few instances in Jessore. In the Patna division the recovery of arrears by means of the certificate procedure has, so far as practicable, been stopped since the receipt of the above orders. The system of realizing loans by local collections through gazetted officers under these orders has proved effective and will be continued during the current year. The certificate procedure has of course still to be used in cases where the debtors are recalcitrant and do not pay when the officer demands the due locally. In the Tirhut division the recovery of Rs. 2,23,205 was suspended in Darbhanga. In the Bhagalpur division the collections were fair in all the districts, except Monghyr which collected only Rs 31,532 out of Rs. 1,60,079. The Collector explains that this was due to the total failure of crops in the Khagaria and Bakhtiarpur thanas. In Bhagalpur district the realization of Rs. 40,050 was suspended. The Board's orders as to the deputation of Deputy Collectors and Sub-Deputy Collectors to collect the loans locally were followed in all the districts of the division. In the Orissa division the collections in Puri were not satisfactory, and the balance in Angul and the Khondmals is heavy notwithstanding the application of the certificate procedure. In the Chota Nagpur division measures for the realization of the outstanding amounts have been taken in all districts. It is only in Ranchi that the certificate procedure has been used. In Palamau a Sub-Deputy Collector was deputed to collect the loans locally.

73. The financial results of the working of the Agriculturists' Loans Act are shown in Appendix XVIII (Part B). The interest payable to the Imperial Government for the year in respect of all advances made under this Act was Rs. 1,78,402. The amount of interest collected by the Provincial Government from its debtors during the year amounted to Rs. 2,52,101. The favourable balance of interest amounted to Rs. 73,699. The amount of principal remitted during the year was Rs. 183, and the expenses connected with the working of the Act during the year amounted to Rs. 7,142. Thus it will be seen that the net profit to the Provincial Government during the year was Rs. 66,874.

Financial results.

Appendix XVIII (Part B).

74. No loans to Mundaris and other aboriginal tribes in the Chota Nagpur division for the purpose of redeeming their *zaripeshgi* lands were advanced during the year. In the district of Ranchi Rs. 39,700 principal and Rs 9,570 interest were due for collection during the year on account of loans advanced during previous years. Out of this Rs. 14,419 principal and Rs. 3,616 interest were recovered, leaving a balance of Rs. 25,281 principal and Rs. 5,954 interest. Certificates for the realization of the balance will shortly be issued. The Commissioner reports that the policy of granting loans to these aboriginal tribes is under his consideration.

Loans to Mundaris.

Part III.—Rent.

Bengal Tenancy Act.

75. The Bengal Tenancy Act is said to have worked smoothly, and there has been practically no case of serious friction between landlords and tenants. The Act is in force throughout most of the Province, except Chota Nagpur, which has an agrarian law of its own—the Chota Nagpur Tenancy Act, VI of 1908. Some of the provisions of the Bengal Tenancy Act are in force in the districts of Cuttack, Puri and Balasore; but special legislation for these areas is at present under the consideration of the Local Government.

Rent-receipt forms.

76. The use of rent-receipt forms printed in Government presses is practically confined to estates managed by Government. Manuscript receipts and even palm-leaf receipts are said to be still used in Balasore and Puri. It is still reported that landlords in many instances fail to give receipts at all. Some cases were instituted and fines imposed on this account, but the number of such cases does not adequately indicate the prevalence of the practice.

77. Appendix XIX shows the operations, in each district, under some of the important sections of the Act with which the Revenue authorities are concerned. A decrease, chiefly attributed to good harvests, is shown in the number of transfers. The fluctuations in the number of applications for commutation and appraisement are due to temporary causes in most cases connected with the progress of the settlement operations.

78. *Payment of landlords' fees.*—Appendix XIII shows that there has been a steady improvement in the percentage of payments of transfer fees made to landlords, which is apparently due to the revised procedure prescribed for the service of notices by registered post and the transmission of the fees by postal money-orders, to the facilities afforded to landlords for the withdrawal of money deposited to their credit and to more general acquaintance with the provisions of section 18B of the Act.

79. *Applications for survey and record-of-rights under Chapter X.*—In view of the approaching extension of general operations to the districts of the Burdwan and Presidency divisions, applications by landlords for survey and record-of-rights, in respect of isolated and small areas are not now entertained, except under special circumstances which seem to require immediate action.

Working of the Chota Nagpur Tenancy Act.

80. The working of the new Chota Nagpur Tenancy Act is being watched carefully by the district officers concerned. The Commissioner remarks as follows:—

"The new Act is working well so far as it goes. In many respects it has yielded excellent results, and throughout the division it is being cautiously administered. The peoples of Chota Nagpur are not accustomed to abrupt changes and are slow to move. Many of the provisions of the Act are understood but impefectly if they are realized at all, and it will be a long time before they are generally understood. In many respects the new Act has yielded excellent results, but many years will elapse before the full benefits of the legislation are realized and appreciated."

Rent suits under Act X of 1859 and Bengal Act VI of 1908.

Appendix XX.

81. No change in the local jurisdiction of the various rent laws administered by Revenue Courts took place during the year. In the Orissa division 37,662 suits of all kinds were instituted during the year, as against 39,579 in the preceding year. The falling off of 1,917 suits, though shared more or less by all the districts of the division, chiefly occurred in Cuttack, where there was a reduction of 3,162 suits to recover arrears of rent, attributable to good harvests.

82. In the Chota Nagpur division 7,812 suits for arrears of rent were instituted as against 7,913 in the previous year, showing a trifling decrease. At the same time, the number of suits rose in Ranchi from 1,927 to 2,293, and the increase is reported to be due to the fact that a large number of suits was brought by the Maharaja of Chota Nagpur and the manager of encumbered estates to prevent their being barred by limitation, the last day of the *Sambat* era falling in the month of March instead of in April. This circumstance also accounts for the large number of cases pending in this district at the close of the year.

Of suits to recover arrears of rent the percentage of pending cases over the total number of cases for disposal was high in Ranchi (34·3) and Palamau (22·02).

The instructions of the Board of Revenue regarding the use to be made of the record-of-rights in the trial of rent suits were duly observed, and the Commissioner of the Chota Nagpur division is of opinion that a fairly high level of efficiency has been attained in their trial.

Operation of the penal provisions of Bengal Act VI of 1862, and Bengal Act VI of 1908.

Appendix XXI.

83. In Darjeeling damages were allowed to plaintiffs in 8 cases as against 1 in the preceding year. Such damages were allowed in 10 and 22 cases, respectively, in the Orissa and Chota Nagpur divisions as against 29 and 106 cases in the preceding year.

Applications for aid in distraint and for sale of distrained property.

Appendix XXII.

84. There were 8 applications to district officers during the year for aid in distraint and for sale of distrained property as against 18 in the preceding year. There was also a decrease of 3 cases in the number of applications to civil court amins as compared with the previous year. The latter class of cases was confined to the Orissa division. Out of 408 cases disposed of sale took place in 50 cases only and all the others were compromised or withdrawn or security was taken.

Notices of enhancement and relinquishment.

Appendix XXIII.

85. The figures given in Appendix XXIII regarding notices of enhancement and relinquishment relate to the districts of the Chota Nagpur and Orissa divisions and the district of Darjeeling where the Bengal Tenancy Act is not in force. There were only two notices for enhancement, while those for relinquishment increased in number from 85 to 136. The 27 notices in Cuttack relate to *pahi* and *sikmi* holdings in the Pattamundai estate, and were the result of the deterioration and loss of fertility of the lands held by the tenants. As regards the Chota Nagpur division the explanation offered is that the raiyats wish to protect themselves from being sued by unjust landlords for lands they have ceased to cultivate and therefore file notices of relinquishment.

Part IV.—Miscellaneous.

Tours of Commissioners.

86. In all divisions the Commissioners toured freely but had, as usual, to devote their time chiefly to the inspection of district and subdivisional offices and the discussion of local questions. Their tours were sufficient to enable them to supervise the details of administration, to look into municipal matters, and generally to make themselves acquainted with the condition and wants of the people.

Tours of Collectors.

87. Useful tours of inspection were made by all district officers.

Tours of subdivisional officers.

88. The usual inspections and enquiries were made by the subdivisional officers, and their tours were generally satisfactory. The prescribed number of days was spent by them on tour except in Satkhira, Dumka, Dinapur, Patna Sadar, Shahabad Sadar and Buxar. The shortage in most of these cases is ascribed to the illness or transfer of officers.

Inspection of district offices and treasuries.

89. The inspections of district offices and treasuries by Commissioners and Collectors were duly made in accordance with the rules, except on the part of Commissioners in the case of Midnapore and Darjeeling and portions of the Hooghly and Howrah offices, for which omissions satisfactory explanations have been given. No serious irregularity was discovered, except in the Land Acquisition office at Muzaffarpur where a clerk was prosecuted for misappropriation and was dismissed.

Inspection of subdivisional offices and treasuries.

90. All the subdivisional offices and treasuries were duly inspected by the district and subdivisional officers, except in the case of Kurseong where the omission is attributed to the illness of the officer in charge. The sub-treasuries at Bhabhua in Shahabad and Dhanbaid in Manbhum were

inspected only once, instead of twice in the year, by the officers in charge, and their attention has been drawn to the omission. No irregularity was brought to light in these inspections.

Tours and inspections of the Members of the Board.

91. The Hon'ble Mr. Slacke, C.S.I., Member in charge of the Land Revenue Department, inspected the Collectorates in Jessore and Birbhum in July 1910, and in Palamau, Murshidabad and Bankura in August. In the following November he inspected Manbhum and conferred there with the Commissioner, the Deputy Commissioner, the Director of Land Records, and the Settlement Officer of Ranchi.

In July 1910 the Hon'ble Mr. W. C. Macpherson, C. S. I., Member in charge of the Miscellaneous Revenue Department, inspected the salt *golas* at Sulkea in Howrah.

Records.

92. The total sum sanctioned by Government during 1910-11 for the maintenance of record-rooms in Bengal was Rs. 33,116. From this amount allotments were made for the following purposes—

(*i*) District record-rooms.
(*ii*) Commissioner's record-rooms.
(*iii*) Board's record-room.
(*iv*) Board's office, indexing work.
(*v*) Precautions against fire.

The work of consolidating the Board's Indexes from the year 1878 to 1906 was completed. The work of storage, arrangement and preservation of old records has been held in abeyance pending the deputation of a special officer to examine the work already done and ensure uniformity and correctness of treatment. The appointment of resident care-takers for record-rooms not in close proximity to the Treasury guard, and the supply of axes, lanterns and buckets were the chief measures taken to guard against fire.

93. During the year under report the records in the offices of Collectors and Commissioners and the subdivisional officers are reported to have been generally in good condition, and the classification and periodical destruction of B and C papers received due attention from almost all the officers.

94. Several of the rules of the Records Manual were revised, and new rules framed as the result of inspections by the Hon'ble Mr. Slacke. He personally inspected the district record-rooms of Jessore, Birbhum, Murshidabad, Palamau, Bankura and Manbhum. Mr. R. J. Watson, Controller of Office Systems, Bengal, inspected the Darbhanga and Hooghly record-rooms.

95. In a number of districts the Revenue and Criminal record-rooms have been amalgamated to a greater or less degree and placed under one Record Keeper in accordance with the recommendation of the Ministerial Officers' Salaries Committee. In some districts, however, it was found that the amalgamation would necessitate expensive structural alterations, and in these districts the old system still continues.

Library.

96. The libraries of the district and subdivisional offices are generally reported to be in good order. New rules for their arrangement and cataloguing were issued by the Board last year, but have not yet been given effect to in all the districts.

Controller of Office Systems, Bengal.

97. Mr. Watson worked for six months of the year under the High Court, and for the remaining six months he was employed under the Board of Revenue. As already remarked, he inspected the Collectorate record-rooms of Darbhanga and Hooghly. Much of his time was occupied with the Alipur Training School for Government probationers. A new feature was introduced by the provision of a course of training for 50 probationers from the offices of the District Judges, and the organization of this curriculum took up a good deal of Mr. Watson's time. He was also employed for a portion of the year in inspecting the office of the Commissioner of Police, Calcutta, and towards the end of the year was deputed as member and secretary of the Sub-Committee appointed to consider the pay, grading and methods of work in all Public Works Department offices. In connection with this he inspected the Public Works Department offices at Calcutta, Darjeeling and Arrah.

98. There were 10 cases of treasure trove during the year, as against 12 in the previous year. The only find of any interest was a copper-plate discovered at Sitahati in the Katwa subdivision of the Burdwan district. The plate is a deed of gift of village Balutia by Maharaja Ballal Sen, who flourished in the 11th century. The Superintendent of Archæology, Eastern Circle, Bankipore, has taken charge of the plate.

Treasure Trove Act, VI of 1878.

99. Six munsifs were deputed at the beginning of the field season of 1909-10 for training in settlement work for the usual period of 18 months. Four of these were deputed to the Bihar settlement and two to the Chota Nagpur camp. All six officers have been trained in every branch of the department and are reported to have profited by their training. They reverted to their judicial duty by the end of the field season of 1910-11.

Training of munsifs in survey and settlement work.

100. A divisional summary is given regarding weather and crops, prices of food, material condition of the people, inter-district immigration and emigration and economic developments. Appendix XXVII shows the mean rainfall in each of the last five years, while Appendices XXVIII and XXIX furnish statistics of the outturn of crops and the average prices of the principal food grains, respectively.

Weather and crops, material condition, economic developments, etc.

101. During the year the rainfall of the Burdwan division was below the normal mean, but it was evenly distributed throughout the sowing and transplanting seasons, and the outturn of the winter-rice crop exceeded that of the previous year except in Bankura and in the adjacent Arambagh subdivision of Hooghly. The deficiency of rain, however, affected the *rabi* crops, so that the outturn for the division as a whole was below the normal: this harvest is, however, comparatively unimportant. As a consequence of the good harvests, there was a considerable fall in the prices of the staple food-grains, specially rice, to the benefit of the poorer classes and to the relief of the middle classes with fixed incomes. The agriculturists were prosperous, notwithstanding lower prices, because the plentiful harvest yielded a considerable surplus for sale. In spite of the fall in the prices of food stuffs, the wages of labour remained at a very high level with, if anything, an upward tendency. The number of registered emigrants, with their dependants, who went to the Assam tea gardens from this division, was 253, as against 176 in 1909-10. As usual there was temporary immigration of Sonthals, up-country men and Ooriyas to Burdwan, Hooghly and Howrah for employment. The coal mining industry in the Asansol subdivision appears to be recovering from the recent depression. Messrs. Burn & Company's Tile and Pottery Works, the Bengal Iron and Steel Works, the Barakar and Bengal Paper Mills, and the works managed by the Barakar Engineering Company, the Raniganj Paper Mills and the Bansra Tanning Extract Company, are other important centres of industry in the Burdwan district. Of minor industries, the trade in silk at Dainhat and Bagtikra, the manufacture of brass and bell-metal utensils at Dainhat and Begunkola and of cutlery at Kanchannagore are worthy of notice; but the economic influence of the *swadeshi* movement is not very appreciable, nor is there much indication of an extension of industrial or financial combination. In Birbhum there is a sugar refinery at Kukutia in thana Dubrajpur. The popularity of the co-operative credit societies is increasing in the Rampur Hât subdivision. It is reported that the manufacture of silk and *tasar* cloths, brass and bell-metal wares, cutlery, tobacco, country cigarettes, conch-shell and gold and silver ornaments flourished in Bankura. The increasing number of co-operative credit societies in Midnapore shows that the movement is appreciated in the district. The *swadeshi* movement is reported by the Collector of Hooghly to have improved the condition of the weaving classes; brisk business is also said to have been done with America in *chikan* work. The jute mills in that district and Howrah were in an unsatisfactory position owing to the low prices of their products coupled with the high price of the raw material. An Agricultural and Industrial Exhibition was held at Chinsura.

Burdwan division.

Presidency division.

102. The rainfall during the year in the Presidency division, though less than in 1909-10, was more copious than in any of the three preceding years. The crops were satisfactory in the 24-Parganas, Khulna and Murshidabad and fair in Nadia and Jessore. The prices of food-grains fell in all the districts owing to favourable harvests. The wages of labour remained high owing to the demand in the mills and factories and on the railways. An extended use of articles of luxury and an increased expenditure on weddings and litigation showed that the material condition of the people was good, a result assisted by the plentiful harvest and a fall in the price of food. Although the people of nine villages in the Satkhira subdivision suffered considerably from a tornado in January, 1911, the cultivators of Jessore and Khulna recovered from the effects of the cyclone of the previous year. There was no permanent immigration or emigration, though labourers temporarily moved from one district to another in search of employment. Among the larger industries may be mentioned the jute, cotton and paper mills on the banks of the Hooghly and in the suburbs of Calcutta, and the Cotton Spinning Mohini Mill at Kushtia (district Nadia), which is a successful Indian enterprise. Smaller industries flourished in the different parts of the division; tanneries, bone-crushing, the manufacture of umbrellas and tin boxes in and around Calcutta; the manufacture of brass padlocks, and mat weaving and weaving of palm-leaf strings for straw hats in the 24-Parganas; the weaving industry in Basirhat and Kustia subdivisions and in Jessore and Khulna; the comb, button and mat factory in Jessore; the manufacture of sugar in Basirhat subdivision, Khulna, Kotechandpur and Jessore; and the supply of fresh fish and curing of dried fish in Khulna. Industrial exhibitions were held at Basirhat and Barasat (24-Parganas), Banjhetia (Murshidabad) and at Jessore and Khulna. An agricultural farm with a dairy attached to it has been started close to Jessore town. The Jessore-Jhenidah Light Railway with a branch to Kotechandpore has been sanctioned and, when completed, will open out important trade marts. Four co-operative credit societies in Nadia are reported to be working satisfactorily.

Patna division.

103. The rainfall of the Patna division, which was above the normal in all districts, was on the whole favourable from an agricultural point of view. As a result, the harvests were good and the prices of food-grains were lower than in the preceding two years. Although labourers' wages have remained practically unchanged, the struggle for higher wages is going on steadily, if quietly, mainly as a consequence of the general rise in the standard of comfort. On the whole, there was an improvement in the material condition of the common people. No inter-district immigration was noticed, and the number of emigrants decreased by 556. As usual, the Bihar Industrial and Agricultural Show was held at Bankipur; but there was no noticeable economic development, the existing industries being kept alive without any serious attempt to improve them. The mica mining industry in the Nawada subdivision, and the Corn Mill and Ice Factory are flourishing concerns in Gaya. The economic feature of Shahabad has been the opening of two light railways—Dehri to Rohtas and Arrah to Sasaram. The former will facilitate the working of lime quarries near Akbarpur, and the latter will open out a number of important places

Tirhut division.

104. In Tirhut, continuous rain in July caused high floods in Champaran, Muzaffarpur and Darbhanga, which damaged the *bhadoi* crop. The winter-rice crop, which was also damaged, was to a large extent restored by retransplantation after the floods had subsided. The silt deposited by the flood proved very beneficial to the *rabi* crops. On the whole there was an appreciable fall in the price of food grains as compared with the preceding two years. With the fall in prices, there was a corresponding decrease in the money value of the wages of agricultural labourers, who are generally paid in kind. The usual emigration of labourers to industrial centres continued. Excepting in Champaran, there was practically no immigration. The material condition of the people was, on the whole, satisfactory. The important manufactures of the division are indigo, sugar and saltpetre; the cultivation of indigo has expanded in the districts of Muzaffarpur

and Champaran and the sugar factories are improving. The Deoria Factory in Muzaffarpur is carrying on an experiment in the cultivation of flax with fair success. In the Samastipur subdivision in Darbhanga a factory for drying and packing tobacco leaves has been established, while in Champaran the manufacture of catechu gum has been started in the Bettiah Raj forests. Minor industries are the weaving of carpets, grass mats, grass baskets in the Sitamarhi subdivision, toys and smoking tubes at Lalganj, the manufacture of mother-of-pearl buttons at Mehsi, and the export of *sabai* grass, timber and stone from the north of the Bettiah subdivision. The *eri* silk industry is being kept up in Muzaffarpur. The co-operative credit societies are progressing satisfactorily in Champaran. The banking scheme started by Mr. A. T. Christian in Muzaffarpur continues to work. Effect has not been given to the proposal to hand over the entire business to the Collector.

Bhagalpur division.

105. The rainfall of the Bhagalpur division was abundant for the *bhadoi* and *aghani* crops and sufficient for the *rabi* crops and was well distributed. Owing to the good harvests of two successive years, there was a steady and satisfactory fall in the prices of the principal food grains. The wages of labour in money and in kind remained almost stationary. The general condition of the people has been reported by all the District Officers to be very satisfactory all round. Heavy floods in some parts of Monghyr contributed to the failure of *bhadoi* crops, but the good harvests in other parts of the district have counterbalanced this. There was some temporary immigration of labourers to Purnea and the northern parts of the districts of Bhagalpur and Monghyr. Emigration of coolies to Assam decreased from 880 in 1909-10 to 220, owing, it is said, to the local prosperity in the labour market. In Monghyr the American Peninsular Company has been carrying on the manufacture of cigarettes on a large scale. At Jhajha in the same district the manufacture of *biris* (country-made tobacco cuttings wrapped up in *sâl* leaves) has been started. The district of Monghyr is also the centre of other industries, such as mica mining, slate quarrying, brick-making, the manufacture of sugar by country process and cloth-making by native looms. *Motia* cloth is manufactured in the district of Bhagalpur, where also the old textile industry of *bafta*, or *tassar* cloth interwoven with cotton thread, is kept up. The jails at Bhagalpur and Monghyr continue to supply *satranjis* and blankets. Agricultural exhibitions were held in connection with two fairs in Bhagalpur. Six co-operative credit societies were started in the Kalimpong Khasmahal in Darjeeling. The grain *golas* in the Government and Wards' estates in the Sonthal Parganas continued to be of great benefit to the people and are gaining popularity.

Orissa division.

106. In the Orissa division, the rainfall in Cuttack, Angul and Puri was higher than in any of the preceding four years. In Balasore it was sufficient and evenly distributed. In Sambalpur it was somewhaf irregular. With the exception of Sambalpur, the outturn of the principal crops in the division as compared with 1909-10 shows, on the whole, an improvement. No damage by insect pests is reported from any district. The rates of wages paid to day labourers remained practically stationary. There was no immigration, but a large number of able-bodied labourers left Balasore after the harvests in quest of employment in Calcutta and other places. The material condition of the people was generally satisfactory. The good harvests enabled the agricultural classes to repay their arrears of *taccavi* loans, and, to some extent, to clear themselves of the debts incurred from the local money-lenders. There was practically no development of local industries. The bulk of the population are agriculturists, and, as they are extremely conservative, there is little probability of any considerable development of local industries in the near future. Something was, however, done towards creating a spirit of enterprise in the people by the exhibitions held annually at different stations, the establishment of an agricultural association in each district, the efforts of the District Boards to popularize the use of fly-shuttle looms, and by the starting of weaving schools and the example of the Utkal Tannery established at Cuttack. Co-operative credit societies were established in Banki, Dompara and Khurda Government estates.

Chota Nagpur division.

107. In Chota Nagpur, the total rainfall was above the normal in the districts of Ranchi and Hazaribagh, and below it in Palamau, Manbhum and Singhbhum. The deficiency, however, did not materially affect the outturn of crops, and the year was reported to be one of agricultural prosperity. There was no organized immigration into any district; but altogether 7,733 labourers, including dependants, were registered as emigrants from this division to the tea gardens in Assam. In Hazaribagh the people are deficient in enterprize and organization, and no advance was made in skilled industries. The mica mining industry, however, continued active. The aboriginal population in Ranchi are trying to improve their condition and are taking to the use of European goods. The Ranchi Union, Limited, started under the Co-operative Credit Societies Act with the object of ameliorating the condition of the poorer classes in general, did good work during the year. In Manbhum the coal industry is very important; but so far as the agricultural population is concerned, there were hardly any signs of economic development. In Singhbhum Messrs. Tata & Co.'s Iron and Steel Works at Sakchi, the Bengal Iron & Steel Co.'s mines at Duia, and the Cape Copper Mines at Matigara, which employ a large number of workmen, are developing the resources of the district.

Charge of Divisions.

108. The following Commissioners held office during the year:—

Burdwan division.—The Hon'ble Mr. D. J. Macpherson, C.I.E., held charge throughout the year, except from the 24th September to the 7th October, 1910, when Mr. W. B. Heycock was in charge in addition to his ordinary duties as the Collector of Burdwan.

Presidency division.—The Hon'ble Mr. S. L. Maddox held charge from the 1st April to the 23rd October, 1910, and the Hon'ble Mr. E. W. Collin for the remainder of the year.

Patna division.—Mr. W. Maude held charge throughout the year.

Tirhut division.—Mr. R. T. Greer, C.S.I., held charge from the 1st April, 1910, to the 27th February, 1911, with a temporary absence on privilege leave for a month from the 8th September, 1910, to the 7th October, 1910, when Mr. B. Foley, Collector of Saran, officiated for him; and Mr. H. C. Streatfeild held charge from the 28th February, 1911, to the close of the year.

Bhagalpur division.—Mr. E. H. C. Walsh held charge from the 1st April, 1910, to the 18th May, 1910, and again from the 21st November, 1910, to the 31st March, 1911; and Mr. H. C. Streatfeild during the intervening period except from the 19th to the 22nd May, 1910, when Mr. Hammond, Collector of Bhagalpur, was in charge of the Commissioner's office.

Orissa division.—Mr. E. V. Levinge held charge from the 1st to the 12th April, 1910, and again from the 11th November, 1910, to the close of the year; and Mr. J. H. E. Garrett from the 28th April to the 30th September, 1910, and again from the 8th October to the 10th November, 1910. Mr. L. Birley was in charge from the 12th to the 28th April, 1910, and again from the 30th September to the 7th October, 1910, in addition to his ordinary duties as Magistrate and Collector of Cuttack.

Chota Nagpur division.—Mr. E. Geake was in charge from the 1st April to the 23rd October, 1910, and Mr. H. J. McIntosh for the remainder of the year.

Merits of Officers.

109. The Board desires to acknowledge the valuable assistance it has received from the Commissioners of divisions in the administration of the Land Revenue Department. The following district officers deserve special mention for good revenue work during the year:—

Collectors and Deputy Commissioners.

Mr. H. C. Streatfeild.	Mr. A. N. Moberly.
„ J. H. Lea (deceased).	„ E. L. L. Hammond.
„ W. Egerton.	„ S. R. Hignell.
„ H. T. S. Forrest.	„ L. Birley.
„ F. F. Lyall.	„ F. B. Bradley-Birt.
„ H. Coupland.	„ J. T. Whitty.
„ H. W. P. Scroope.	„ H. Ll. L. Allanson.
Mr. W. A. Marr.	

The following names of other officers deserving of commendation have been taken from the lists furnished by the Commissioners of divisions :—

Officers of the Indian Civil Service.

Mr. J. Byrne.
„ Sharat Kumar Ghosh.
„ H. E. Spry.
„ J. H. Lindsay.
Mr. A. Cassells.
„ J. R. Makeig-Jones.
„ J. C. B. Drake.
„ A. P. Middleton.

Officers of the Provincial and Subordinate Civil Services.

1st grade Deputy Collector ... Babu Khagendra Nath Mitra.
Mr. W. H. Thomson.

2nd „ „ „ ... Babu Sharat Chandra Chatarji.
Mr. F. G. E. Piffard.

3rd „ „ „ ... „ H. H. Heard.
Babu Basanta Krishna Bose.
Rai Banshi Dhar Banarji Bahadur.
Babu Sarada Prasad Sarkar.
„ Shirish Chandra Ghosh.

4th „ „ „ ... „ Hira Lal Banarji.
„ Mano Mohan Ray.
„ Gati Krishna Neogi.
„ Surendra Nath Mazumdar.
„ Sukumar Haldar.
Khan Bhadur Ashfaq Husain.
Babu Hemendra Lall Khastgir.

5th „ „ „ ... „ Narendra Kumar Chaudhuri.
„ Kumud Bandhu Das Gupta.
„ Charu Chandra Chatarji (No. II).
Khan Sahib Saiyid Ahmad Ali Khan.
Babu Prabodh Chandra Chatarji.
Mr. Sorab S. Day.
Babu Daya Nidhi Das.
„ Jatindra Nath Gupta.
„ Narendra Kumar Ghose.

6th „ „ „ ... Rai Sahib Bhupendra Nath Mukharji.
„ Durga Prasad Bahadur.
Babu Satish Chandra Mukharji.
„ Debendra Nath Bose.
„ Ajay Chandra Das.
Mr. H. D. Christian.
Maulvi Saiyid Naziruddin.
Babu Suresh Chandra Sen.
„ Balmukunda Kanungo.

Officers of the Provincial and Subordinate Civil Services.

8th grade Deputy Collector ... Babu Sushil Kumar Ganguli.
Mr. A. C. N. Slater.
Babu Mohendra Nath Gupta.

Probationary Deputy Collector ... „ Jatindra Narayan Mukharji.
„ Rebati Nath Chatarji.

2nd grade Sub-Deputy Collector ... „ Jyotish Chandra Ray.

3rd „ „ „ ... „ Ashutosh Deb.
„ Krishna Chandra Ghosh.
„ Rajani Kantna Mukharji.
„ Prabodh Chandra Mazumdar.
„ Mallinath Ray.

4th „ „ „ ... „ Atul Chandra Som.
„ Shailesh Nath Mukharji.

110. Before going on leave to Europe, the Hon'ble Mr. W. C. Macpherson, C.S.I., placed on record his obligations to his Secretaries, Mr. E. Lister and Mr. H. L. Stephenson, for the excellent work which they had done, acknowledging his difficulty in coping with the work of the Board as a single member without their capable help. Mr. Greer has also endorsed these favourable remarks on the work and capacity of these officers. The Board desires also to acknowledge the valuable and efficient services of Mr. Watson, Controller of Office Systems, Bengal.

I have the honour to be,

SIR,

Your most obedient servant,

H. L. STEPHENSON,

Secretary.

'A' represents the actual percentage of outturn of each harvest in each year on its normal outturn taking that at 100, and 'B' shows the proportion which each harvest bears in each year to the total harvest of the year, 100 being taken as the normal total of all the three harvests.

The figures which do not agree with those in the previous year's report are revised figures.

APPENDIX XXVIII—*continued.*
